SECTION 3 AND SMALL DISADVANTAGED BUSINESS CLAUSE

This solicitation is considered a professional services procurement that is exempt from HUD's Section 3 provisions, per se. SCCHA, however, promotes the intent of the Section 3 provisions and encourages respondents to consider unique and innovative ways for incorporating the objectives of Section 3 into the proposal.

A Small Disadvantaged Business (SDB) is defined by the State of Illinois as a small business that is at least 51% owned and controlled by one or more socially and economically disadvantaged individuals. Disadvantaged business entities (minority, female and/or other businesses meeting the definition of the State of Illinois or state in which the business is incorporated) with the qualifications to provide the services requested are encouraged to submit a proposal and such businesses shall receive

additional selection points under the proposal evaluation system to be used to select a respondent.

Information regarding Section 3 provisions and small disadvantaged business status is included in Attachment B.

DIVERSITY: SCCHA strongly encourages minority-owned and women-owned businesses, socially and economically disadvantaged businesses, and small businesses to respond to this RFP or to participate in a subcontracting capacity on SCCHA contracts.
